ROBO RACE – RULES & REGULATIONS

Event Description

The Robo Race competition consists of two stages:

1. **Lap Round (Qualifying Round)** - Teams must complete the track in the minimum time. Top performers will qualify for the next round.
2. **Drag Race (Final Round)** - Qualified teams will compete in a **Drag race**. The top three finishers will be declared Winners.

The robot securing the highest Overall points will be declared the winner.

General Rules & Guidelines

- This is a racing event — the fastest and most stable robot wins.
 - A team may consist of **up to 5 members**.
 - Robots must strictly adhere to the given specifications; non-compliance will lead to disqualification.
 - **Three hand touches** are allowed. Each hand touch requires restarting from the last checkpoint.
 - No trial runs or practice will be allowed on the arena before the competition.
 - Charging terminals will **not be provided**; bring fully charged batteries/spares.
 - Track layout may change before any round.
 - If a robot leaves the track after crossing a checkpoint, it will be placed back at the **last cleared checkpoint**.
 - Judges decisions are final. **Arguments with Judges will result in disqualification.**
 - Robots must not cause damage to the arena.
-

Robot Specifications

- Readymade toy cars are **not allowed**.
 - Maximum dimensions: **250 mm (L) × 300 mm (B) × 250 mm (H)**.
 - Maximum weight: **2.8 kg**.
 - Power source must be **on-board**.
 - Only **wireless-operated robots** are allowed.
 - Maximum operating voltage: **12V**.
-

Arena Specifications

- Track width: **30–60 cm**.
 - Track surface may be uneven.
 - Slope angles will not exceed **30°**.
 - Arena may include: *Switch gate, Speed breakers, Marble pit, Rotating disc, Seesaw* etc.
-

Additional Rules

- Team size: **Minimum 1 member required**.
 - Robot design/structure **cannot be Altered** during the event.
 - If a robot falls off the bridge, it will resume from the previous checkpoint with a Penalty.
 - If any part breaks/detaches, one timeout will be granted with a penalty.
 - Repairs must be done **without Mentor Assistance**.
 - No Adjustments allowed during an active run.
-

Eligibility

All regular students with a valid school/college identity card are eligible to participate.
